

Vision, Purpose, Mission

Vision

Our vision is of Cobourg as a sustainable community, where the values of environmental, social and economic responsibility are consistently reflected and supported in the actions of all.

Purpose

The purpose of Sustainable Cobourg is to support and engage in activities that support the environmental, physical, economic, and social health of Cobourg residents by promoting sustainability within the Town of Cobourg and its neighbours.

Mission

Sustainable Cobourg will:

- Promote change towards sustainability
- Support research and innovation in Cobourg in the field of sustainability
- Implement sustainable practices and activities throughout Cobourg
- Encourage and facilitate the involvement of all Cobourg residents in applying the principles, methods and practices of sustainability

Joining an Initiative

SC has created 5 initiatives to research and develop policy, organise activities, advocate around various issues, and coordinate public events, all of which are under the direction of the Board.

- **Town Hall Initiative:** advocates for sustainable planning and development in Cobourg. The Town Hall committee addresses issues of concern with sustainable planning and development with the Town as they arise.
- **Bicycle Action Initiative:** aims to improve Cobourg's bicycling culture by advocating for new bike lanes and routes, improved safety and convenience for cyclists, and bicycle tourism.
- **Food Action Initiative:** encourages awareness of pathways of food from farm to table, promotes accessibility to affordable local food and information on nutrition and local food programs.
- **Eco Action Initiative:** supports any action aiming to have a positive impact on the environment, including waste reduction, pollution prevention, and providing information on climate change.
